Adventure Golf**

LEGOLAND Adventure Golf, LEGOLAND Windsor

PMP Surfacing completed a major installation of its Spray Granite product at LEGOLAND Windsor within the brand new adventure golf attraction.

738 m2 of the highly specialist coating was installed in 4 different colours.

The attraction was unveiled to the public by professional golfer Charley Hull and has already seen thousands of visitors flock to the park's latest offering.

SPECIFICATION:
738m2 Spray Granite
in block colours

“We are extremely happy with the Spray Granite product and are looking forward to using the application on further projects in the future. The innovative coating system is a great alternative to flooring. The professionalism conducted by the team at PMP Surfacing was exceptional and met all standards we set.”

James Armitage,
Project manager at Merlin Magic Makers.

The Legoland Adventure Golf attraction is the latest project PMP Surfacing has delivered for Merlin Magic Makers, the unique in-house creative and project delivery team at Merlin Entertainment.
